**IBIS STYLES THE ENTRANCE**

## **SUSTAINABILITY COMMITMENTS**

**Take a closer look at what we're doing to find alternatives to plastic and reduce the environmental impact of operations...**

- **Single-dose toilet amenities have been replaced by refillable dispensers and guests are encouraged to use fewer other single-use amenities.**
- **Plastic bags have been replaced by paper formats for guest laundry and removed from bins.**
- **Reuse your towel by leaving them on the floor only when you need them cleaned.**
- **Removal of plastic bottles by supplying refillable glass water bottles and carafes with fresh, filtered water in the lobby.**
- **Set your room reverse cycle air conditioner's temperature between 22-24 degrees for cooling in summer and maximum efficiency.**
- **Close the custom-made blackout curtains to reduce heat and light when required.**
- **Use the Do Not Disturb sign if you do not require your room to be serviced.**

**Feels great to be green.**
